Examiner's Reasons for Allowance

1. Examiner has considered Applicant's response (Appeal Brief) dated 08/30/2004 and after further review of Applicant's comments regarding claims 1 – 23, Examiner is withdrawing the Final rejection and placing claims in condition for allowance.

The following is an Examiner's statement of reasons for allowance, as pointed out by Applicant on page 14 of 24 of Appeal brief.

The prior art of record does not teach or fairly suggest at least:

“...creating a use case based on a first one of said one or more sub-focus areas, said use case comprising an instance of usage, by a one of said second participants, of a first subset associated with said first one of said sub-focus areas”, as best illustrated by figure 3 and in such a manner as recited in claim 1.

“...a set of third participants who participate in a use of said one of said second aspects, each of said third participants having only a single role with respect to said one of said second aspects; and generating a use case based on said third information, said use case defining an instance of the operation of said software by a one of said third participants participating in said one of said second aspects”, as best illustrated by figure 3 and in such a manner as recited in claims 12 and 18.

Therefore, all claims, i.e. claims 1 –23 are in condition for allowance. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany

the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
